TABLE OF CONTENTS

SECTION A: STATEMENT OF WORK

A.1 Introduction

The Government of the District of Columbia (District) is committed to supporting children and youth in preparing for a bright future. In service of that commitment, the District is seeking to support strong non-profit organizations that provide children and youth with high-quality out-of-school-time (OST) programming.

The funds available through this Request for Applications (RFA) will be made available through the Office of Out of School Time Grants and Youth Outcomes (OST Office), located in the Office of the Deputy Mayor for Education (DME), and grant awards are contingent upon the availability of funds.

Learn24 is the name for the network that supports equitable access to high-quality, OST programs for the District's children and youth. Learn24 supports coordination among non-profit organizations and District government agencies through targeted grant-making, data collection, and evaluation, and through the provision of training, capacity building, and technical assistance to OST providers. The OST Office stewards the Learn24 brand to bring awareness of the OST Office, The Institute for Youth Development, Commission on Out of School Time Grants and Youth Outcomes, higher education partners, District agencies, philanthropic partners, and the hundreds of non-profits and schools that offer programs to children and youth outside the school day.

A.2 Scope

The 2021 Small Nonprofit[1] Summer Strong DC RFA invites high-performing, fiscally responsible, non-profits that focus on youth development and serve school-aged[2] children and youth with summer programs to apply. Organizations applying must serve youth through a positive youth development approach. Organizations may serve children and youth who reside outside the District; however, these funds may only be applied to children and youth[3] who reside in the District. For this RFA, the term youth will be used to describe both children and youth.

For the purposes of this RFA, summer programming is defined as an in-person, virtual, and/or hybrid structured, supervised learning or youth development opportunity offered to a distinct group of District children and youth during the summer months for a minimum of 5 hours per day, 5 days a week, for 5 consecutive weeks.

A.2.1 Amount of Funding to be Awarded

Grant awards are contingent on the availability of funds. The OST Office anticipates awarding up to $125,000 in total awards.

Applicants may request up to $25,000. The OST Office maintains the right to adjust the number of grant awards and award amounts.

A.2.2 Youth Development Outcomes

Youth development is a process that prepares children and youth to meet the challenges of childhood, adolescence, and adulthood and achieve his or her full potential by offering activities and experiences that help youth develop social, emotional, physical, cognitive, and spiritual competencies.

D.2 Monitoring and Compliance

Specific monitoring and progress report schedules will be established and included in the grant agreement. District staff (with appropriate identification) will make a minimum of one scheduled and one unscheduled monitoring visit. During such visits, the organization is required to provide access to facilities, records, participants and staff, as deemed necessary.

Monitoring may involve interviews and random reviews of reports, documents, clearances, background checks, policies, procedures, and data to determine the organization's level of compliance with grant requirements and to identify specifically whether the organization's operational, financial, and management systems and practices are adequate to account for grant funds.

D.2.1 Staff and Volunteer Clearance Requirements

Grantees will be required to have the following background checks on all of the organization's staff, volunteers and contractors who have regular (at least once weekly) and unsupervised access to youth, including those conducting virtual programming:

- Federal Bureau of Investigation (FBI) Criminal Background Check;
- Metropolitan Police Department (MPD) Criminal Background
- National Sex Offender Registry; and
- DC Child and Family Services Agency (CFSA) Child Protection Registry (CPR)

Background checks are valid for 2 years from the effective date. Signed Affidavits must be uploaded one year after the effective date for all background checks.

Clearances must be valid through August 27, 2021. If background checks will expire during the program period, they must be renewed in a timely manner prior to expiration.

One-day visitors, guests, and volunteers that shall be at all times under the direct supervision of a staff member with appropriate clearances are exempt.

All clearances must be valid for the duration of the grant period and align with the program site requirements (DCPS, DCPCS, etc.) and uploaded into Cityspan. Employees, volunteers, or contractors who are newly hired or under contract by the organization and have unsupervised contact with youth, must have background checks and clearances submitted to the appropriate agencies within the first week of employment and the organization must maintain proof of submission within the personnel file.

In the event that any staff, volunteer, or contractor has a background check returned with an issue or indication of past criminal history, the said result must be communicated to the Grantor within two (2) business days. Said staff, volunteer, or contractor involved may not have unsupervised interactions with youth until the issue is resolved and communicated to the Grantee.

D.2.2 Attendance

Grantees will be required to provide access to daily attendance or sign-in sheets as requested. Grantees will be required to submit daily attendance via a template provided by the OST Office or directly into the Learn24 database. - Enrollee information
    - Full name
    - Date of birth
    - Home address
    - School grade

    - Gender
- Written report, including relevant data, on achievement and progress toward the organization's outcomes or stated goals as referenced in the logic model or theory of change.

D.2.6 Financial Reporting

Grantees will receive information on use of grant reimbursement system at the mandatory grantee meeting.
Grantees shall maintain records that contain information identifying any grant awards received, any authorizations, any obligations, any unobligated balances, all assets, all outlays, and all income. Appendix 4: Logic Model

LEARN 24
LEARN24.DC.GOV

[Organization's Name] Logic Model for [Program Name]

Program and Mission statement (note the target population, audience served and what you hope to impact)

Type the mission statement here.

Challenge to be Addressed

What is the problem that your organization is trying to address through your programs?

Assumptions

Assumptions are the beliefs you have about your program, the people involved and how you think the change will occur. They might also include the theory behind the program, underlying beliefs about how and why it will work, or the conditions for success.

Inputs/Resources
(Needed to operate program)

Inputs or resources that go into a program including human, financial, organizational, and community resources available for carrying out a program's activities. Examples include Funding, Program staff, curricula, Volunteers, and Research.

Activities
(Program Opportunities for Kids)

Activities (program activities) are the actions or events provided to generate desired outcomes. You should also include the **dosage**—the amount of time or number of activities. For example Workshops (4 @ 2 hours), Guest Speakers (6 per year), or Training Programs (2 hours/week for 10 weeks). The dosage is an important determining factor for whether your program can achieve its outcomes. A program that does one hour of tutoring per semester should not claim to improve grades. However, a program that does one hour of tutoring per week for a semester could make that claim.

Outputs
(Result of Program Activities)

Outputs are the direct products of a program's activities and may include types, levels and targets of services to be delivered by the program. Examples include # of individuals who will complete training, # of individuals who expressed satisfaction with the program, or # of individuals receiving referrals.

External Factors
(Realities)

Those factors that are outside of your control that might influence your ability to do the planned work or achieve the desired change. Examples include funding, political changes, or participants relocating.

Short Term Outcomes
(Awareness, Knowledge, Attitude)

Outcomes are the measurable, meaningful, and expected ***changes*** in the population served that result from a program's activities.

Short-term outcomes generally focus on changes in attitude, awareness, or knowledge. These are the outcomes you desire by the program mid-point.

Intermediate Outcomes
(Skills, Action, Behavior)

Intermediate or mid-term outcomes generally focus on changes in skills, behaviors, and actions. These are the outcomes you desire by the program end. Think about 0-3 months after your program ends when identifying these outcomes.

Long Term Outcomes
(Status or Condition)

Long-term outcomes generally focus on changes in status or condition. These are the outcomes you desire for participants to achieve or exhibit 6 months or longer after the end of your program. The time period for achieving this outcome should take into consideration how long you track participants beyond the actual program.

Appendix 6: Glossary

Activities: (program activities) are the actions or events provided to generate desired outcomes.

Applicant: an entity that submits an application to be considered for funding.

Asset Based: An approach that focuses on the strengths and competencies that children and youth have that values resilience over risk, assets over deficits, and strengths over weaknesses. An asset based approach focuses on leveraging existing strengths as opposed to fixing what is "wrong".

At-Risk: Fair Student Funding and School, Based Budgeting Amendment Act of 2013 Section 4(a)(2A) states "At–risk" means a District of Columbia Public School (DCPS) student or a public charter school student who is identified as one or more of the following: (A) Homeless; (B) In the District's foster care system; (C) Qualifies for the Temporary Assistance for Needy Families program or the Supplemental Nutrition Assistance Program; or (D) A high school student that is one year older, or more, than the expected age for the grade in which the student is enrolled.

DME: Office of the Deputy Mayor for Education

DPR: Department of Parks and Recreation

Dosage: the amount of time or number of activities.

Evidence Based Practices: practices or programming that have been shown through research or data to improve outcomes.

Family Education Rights and Privacy Act (FERPA): The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

Frontline Staff: staff that work directly with youth.

Goal: an indicator established to determine whether an objective has been achieved (e.g. all participating youth have improved their literacy scores).

Grantmaking Partner: a nonprofit organization that administers and monitors the OST Grant Program on behalf of the OST Office.

Indirect/Operating Costs: costs that cannot be tied directly to the program, but costs that are incurred to support the program, such as general operating costs or overhead costs (e.g. audits, audit fees, grant writing, management or finance salaries, or administrative rent).

Inputs: resources that go into a program including human, financial, organizational, and community resources available for carrying out a program's activities.

Local Education Agency: the DCPS system or any individual or group of public charter schools operating under a single charter.

Opportunities: activities, roles, and responsibilities taken on and done by youth to explore, express, earn, belong, and influence.

OST Commission: The Commission on Out of School Time Grants and Youth Outcomes.

Out-of-School Time (OST) Program: a structured, supervised learning or youth development program offered to District youth before school, after school, on weekends, or during seasonal breaks.

Outcomes: knowledge, skills, attributes, abilities, and behaviors youth need to be healthy, caring, and responsible as they transition to adulthood

Outputs: tangible and measurable results of what a program does or provides that then lead participants to desired outcomes. (e.g. number enrolled, number retained, number and/or duration of workshops, homework sessions, college visits, special events, and guest speakers).

Personally identifiable information (PII): information that, alone or in combination, can be linked to a specific student including but not limited to: child or family name, address, Unique Student Identifier, school name, date of birth (DOB), place of birth, or mother's maiden name. Aggregate data may sometimes include PII if the underlying data is so narrowly-defined that the information can be used to identify the student. Furthermore, group level aggregated data where the group is less than 5 children could be identifiable as well.

Positive Youth Development (PYD): is a method that engages youth within their communities, schools, organizations, peer groups, and families in a manner that is productive and constructive; recognizes, utilizes, and enhances youths' strengths *so that youth are empowered to reach their full potential.* PYD differs from other approaches to youth in that it rejects an emphasis on trying to correct what is "wrong" with youth's behavior or development.

Request for Applications (RFA): is a solicitation for entities to apply in order to be considered for funding.

Reviewer: an individual that reads applications, reviews, and scores applications based on the scoring criteria.

School-Age Program Quality Assessment (SAPQA): is a validated instrument designed to measure the quality of school age programs (grades K-6) and identify staff training needs. The SAPQA is one of a number of tools available through Youth Program Quality Intervention (YPQI).

Services: provision of resources, knowledge, or goods to or for youth.

Target: an indicator established to determine how successfully an organization is achieving an objective (e.g. x% of youth will improve their literacy scores by at least one grade level).

Youth: an individual of 21 years of age or less who is eligible to enroll in a District primary or secondary school, or an individual of 22 years of age or less who is eligible to receive special education services from a local educational agency.

Youth Development: childhood and adolescence stages of human development that supports social, emotional, cognitive/intellectual, spiritual, and physical growth.

Youth Developmental Outcomes: the results of programs, services and supports that are designed to engage youth to meet their developmental needs and refer to changes in knowledge, attitude or behavior. These outcomes have been framed into two categories:

Identity: a sense of personal well-being and connection and commitment to others.

Ability: knowledge, skills, and attitudes that prepare youth for adulthood.

Youth Participation: youth having the power to make and implement decisions, together with a share of the responsibility for the outcomes.

Youth Development (Program): childhood and adolescence stages of human development that supports social, emotional, cognitive/intellectual, spiritual, and physical growth or a programmatic or service delivery approach that engages youth within their communities, schools, organizations, peer groups, and families in a manner that is productive and constructive; recognizes, utilizes, and enhances youths' strengths; and promotes positive outcomes for youth by providing opportunities, fostering positive relationships, and furnishing the support needed to build on their strengths.

Youth Program Quality Assessment (YPQA) ®: is a validated instrument designed to measure the quality of grades 4-12 youth programs and identify staff training needs. The PQA is one of a number of tools available through Youth Program Quality Intervention (YPQI).

Youth Program Quality Intervention (YPQI): a data-driven continuous improvement model created by The David P.
