STATEMENT OF WORK

Introduction

The Government of the District of Columbia (District) is committed to supporting children and youth in preparing for a bright future. In service of that commitment, the District is seeking to support priority schools, in partnership with strong nonprofit organizations, to provide children and youth with high-quality out-of-school-time (OST) programming.

The funds available through this Request for Applications (RFA) will be awarded through the Office of Out of School Time Grants and Youth Outcomes (OST Office), located in the Office of the Deputy Mayor for Education (DME). Where applicable, federal funds have been made available by the Office of the State Superintendent of Education (OSSE) and all grant awards are contingent upon the availability of funds.

Learn24 is the name for the network that supports equitable access to high-quality OST programs for the District's children and youth. Learn24 supports coordination among nonprofit organizations, local education agencies, and District government agencies through targeted grant-making, data collection, evaluation, and through the provision of training, capacity building, and technical assistance to OST providers. The OST Office stewards the Learn24 brand to bring awareness of the OST Office, The Institute for Youth Development, the Commission on Out of School Time Grants and Youth Outcomes, higher education partners, District agencies, philanthropic partners, and the hundreds of nonprofits and schools that offer programs to children and youth outside the school day.

Pursuant, in part, to DC Office of Out of School Time Grants and Youth Outcomes Act of 2016, DC Law 21-261; DC Official Code § 2-1555.04, traditional grants shall be for terms of three (3) years, subject to the availability of funding. This Fiscal Year 2024 (FY24) competition is available to applicants until the end of this grant period, which ends on September 30, 2024. For the purpose of this RFA, FY24 is defined as October 1, 2023, to September 30, 2024. If awarded, FY24 grantees are subject to renewal for a maximum of two additional fiscal years (FY25 and FY26), which serve as option years. Grant awards are subject to these renewal/option years based on the availability of funds and based on meeting all performance and compliance requirements for FY24, and for each option year. All performance and compliance requirements can be found in the Successful Grant Applications section, pages 17-21.

Scope

This FY24 Out of School Time MADC RFA invites high-performing, fiscally responsible, schools or nonprofits that plan to focus on youth development and that serve school aged children and youth through OST programs, to apply. Applicants must serve youth using a positive youth development approach. Grant funds may only be used to serve children and youth¹ who reside in the District of Columbia. For this RFA, the term youth will be used to describe both children and youth.

For the purposes of this RFA, OST programming is defined as a structured and supervised program offered to a group of District youth before school, after school, when classes are not in session, on weekends, or during seasonal school breaks.

Applicants may only apply to serve as a school year program, as defined below.

¹ "Youth" means an individual of 21 years of age or less who is eligible to enroll in a District primary or secondary school, or an individual of 22 years of age or less who is eligible to receive special education services from a local educational agency

Program Implementation Date Range (must occur within the applicable range):

School Year Program Competition: for programming that takes place during the school year, occurring between the dates of October 1, 2023, and June 30, 2024, for FY25 between October 1, 2024, and June 30, 2025, and for FY26 between October 1, 2025, and June 30, 2026.

Competitions and Amount of Funding to be Awarded

Grant awards are contingent on the availability of funds, as approved by the Council of the District of Columbia. The grant awards may come from local and/or federal funding sources. The OST Office anticipates awarding up to \$3.1 million in total awards through the MADC competition.

Organizations may submit one (1) MADC OST application, as follows:

All organizations, regardless of organizational budget size, may apply for the FY24 OST MADC Program, which is a new initiative and special competition from the OST Office. Applicants applying to serve as an OST MADC Program during the school year may request up to \$2,500 per student to be served. Funding allocations will remain constant across the FY25 and FY26 school years, pending Council funding.

OST Office FY24 grantee may not be awarded \$1,000,000 or more in total across competitions in one FY from the OST Office, without DC Council approval. MADC applicants that are current OST FY24 grantees may apply for any amount, less any grants they are currently awarded on total by the OST Office in FY24.

The OST Office maintains the right to adjust the grant award amount at any time, with reasonable notice, across each fiscal year and grant competition.

Youth Development Outcomes

Youth development is a process that prepares youth to meet the challenges of childhood, adolescence, and adulthood and achieve their full potential by offering activities and experiences that help youth develop social, emotional, physical, cognitive, and spiritual competencies.

Positive Youth Development (PYD) is a method that engages youth within their communities, schools, organizations, peer groups, and families in a manner that is productive and constructive; recognizes, utilizes, and enhances youths' strengths; and promotes positive outcomes for youth by providing opportunities, fostering positive relationships, and offering supports to build on youth's strengths and assets.

The intent of OST competitions is to support high-quality partnerships and programs that offer educational, social, emotional, and physical health opportunities and activities for youth throughout the District. The OST Office is seeking to fund youth-serving entities that provide intentional opportunities that help youth reach developmental outcomes and have meaningful roles in their community.

Evidence-Based Intervention

To receive a grant award of more than \$100,000, applicants must detail the provision of evidence-based interventions (ex. High Impact Tutoring, READ 180, etc.) that support academic, social emotional learning (SEL), or other youth development outcomes. Additional examples can be found at the What Works Clearinghouse (<https://ies.ed.gov/ncee/wwc/>). The evidence-based intervention should meet the American Rescue Plan Act criteria and is defined as activities, strategies, or interventions that:

- A. Demonstrate a statistically significant effect on improving youth outcomes or other relevant outcomes based on:
 - 1. Strong evidence from at least one well-designed and well-implemented experimental study; or

2. Moderate evidence from at least one well-designed and well-implemented quasi-experimental study; or
 3. Promising evidence from at least one well-designed and well-implemented correlational study with statistical controls for selection bias; or
- B. Demonstrate a rationale based on high-quality research findings or positive evaluation that such activities, strategies, or interventions are likely to improve student outcomes or other relevant outcomes; and include ongoing efforts to examine the effects of such activities, strategies, or interventions.

Please see the US Department of Education’s guidance on using evidence to strengthen education investments for more information. If the applicant seeks a grant award amount of more than \$100,000, please cite the source(s) for the research supporting the evidence-based intervention within the program design of the grant application.

Target Population

Grants will be awarded to applicants committing to serve school-aged youth at an identified priority school(s) using a positive youth development approach. For the purpose of this new initiative, priority schools were identified using the following criteria:

Priority will be given to applicants that commit to serving underserved youth at an identified priority school(s) who are most in need or at-risk and require access to high-quality, low- or no-cost out-of-school-time opportunities. As defined by the Fair Student Funding and School – Based Budgeting Amendment Act of 2013, Section 4 (a) (2A) “at-risk” means a DCPS student or a public charter school student who is identified as one or more of the following:

- (A) Homeless;
- (B) In the District’s foster care system;
- (C) Qualifies for the Temporary Assistance for Needy Families program or the Supplemental Nutrition Assistance Program; and/or
- (D) A high school student that is one year older, or more, than the expected age for the grade in which the student is enrolled.

In addition, for the purpose of this RFA, underserved youth shall include any student attending a priority school who is identified as one or more of the following:

- (A) Economically disadvantaged as demonstrated by eligibility for Free- and Reduced-priced Meals;
- (B) Has a disability as demonstrated by an Individual Education Plan (IEP);
- (C) English Learner;
- (D) Lesbian, Gay, Bisexual, Transsexual, Intersex or Queer/Questioning, Asexual and other terms (such as non-binary and pansexual (LGBTIQA+); and/or

Programs must be available to any at-risk or underserved youth attending a priority school and who aligns with the programs’ specific target population.

Organizations must serve a minimum of twenty (20) unduplicated youth residing in the District by the end of the program period with the exception of small nonprofits who must serve a minimum of fifteen (15) unduplicated youth residing in the District by the end of the program period.

Competitive Priority Points

The District maintains the right to provide competitive priority points for programs serving a high percentage of at-risk/underserved students based on the information found through the DC Policy Center’s 2023 [Needs Assessment of Out-of-School Time Programs](#).

Competitive priority points will be awarded by the OST as follows:

Up to Thirty-two (32) Points

Up to thirty-two (32) points, or four (4) points each, will be awarded for each of the eight (8) categories of at-risk/underserved youth listed above that the applicant proposes to serve. Note, eligible recipients of TANF, SNAP and/or Free and Reduced Meals represent one category, economically disadvantaged youth. The actual number of additional points to be awarded is based on the percentage of at-risk/underserved youth proposed to be served per category by the applicant, as follows:

Per each of eight (8) at-risk and underserved categories:

- 1-24% served = 1 point
- 25-49% served = 2 points
- 50-74% served = 3 points
- 75-100% served = 4 points

While competitive points for serving at-risk/underserved youth will be awarded based on the proposed number of youths to be served within each category, the actual percentage of participating youth per category enrolled in OST programs will be verified through data provided by the District of Columbia Public Schools and Office of the State Superintendent of Education. Grantees must provide services to youth within +/-10% of the percentage proposed per category to maintain grant compliance. Inability to do so may subject grantees, at the discretion of the OST Office, to immediate termination of the grant agreement or ineligibility for funding in future years.

Four (4) Points

An additional four (4) points will be awarded to applicants who propose to serve youth a minimum of two and a half hours per day (2.5), five (5) days per week, Monday through Friday, for 25 weeks per full school year (total of 156 hours for spring 2024 in FY24 and a total of 312 hours for a full school year in FY25 and FY26).

Grant Period

The MADC grant period for school year programming is from October 1, 2023, through September 30, 2024.

Program Period

The MADC program period for school year programming is from October 1, 2023, through June 30, 2024.

Program Dosage

Organizations providing afterschool services to youth during the school year must offer consistent and ongoing programming, designed to enroll the same group of youth at the proposed priority school(s), utilizing one of the program dosage models defined below:

- Continuous - Programming that occurs during the school calendar for a minimum of three (3) days weekly for at least eight (8) hours per week for a minimum of 25 weeks, totaling no less than 200 hours during the school year; OR
- Series - Programming scheduled across three (3) or more program blocks during the school year with each series including a minimum of six (6) or more continuous weeks for at least six (6) hours per week, totaling no less than 108 hours during the school year.

Afterschool programs help to keep District of Columbia youth safe and prevent risky behaviors during the critical hours of 3:00 p.m. to 6:00 p.m., the peak hours for juvenile crime and experimentation with drugs, alcohol, cigarettes and sex (Gottfredson, et al., 2007; Afterschool Alliance, 2014; Taheri, et al., 2016; Council for a Strong America; 2019). In addition, higher dosage, in the form of more frequent and regular attendance, has been evidenced within the research as contributing to after-school program effects, including positive academic outcomes and prosocial behavior (Apsler, 2009; Dietel, 2009; Durlak et al., 2010b; Pierce et al., 2010; HFRP, 2011; Auger, et al., 2013; Scarpati, 2017). For the FY24 MADC grant competition, the OST Office will prioritize applicants meeting optimal dosage models. This includes no less than two and a half (2.5) hours per day, five (5) days per week, for 25 weeks per full school year (total of 156 hours for spring 2024 in FY24 and a total of 312 hours for a full school year in FY25 and FY26) for kindergarten through eighth grade students.

Programming may occur at any time during the program period to meet the minimum dosage. All programs will need to operate in-person, unless otherwise determined by the OST Office and are subject to and must adhere to safety and security measures required by Mayoral Orders, DC Department of Health, or any DC Law.

Program Locations

Organizations may apply to serve youth at one site or multiple sites. OST program(s) must be offered at an identified priority school(s) and must serve current at-risk DCPS or DC Charter School youth from that priority school.

Eligibility

In order to achieve equitable outcomes for youth, the OST Office offers a variety of grant opportunities which will provide diverse programming opportunities. For this special competition, applicants may be a current FY24 grantee or a new applicant to the OST Office.

Programmatic Focus and Experience

The OST MADC applicant's primary vision and program focus is to ensure universal access to afterschool programming for any youth enrolled in an identified priority DC public or DC Public Charter school and who is interested in participating in an afterschool program at the listed priority school. Collaboration between a priority school and a partnering 501(c)(3) organization is required. (Partnerships with a 501(c)(3) organization are optional for DC Public Charter Schools who are also 501(c)(3) organizations and can apply on behalf of themselves or elect to partner with another youth-serving nonprofit organization)

Priority schools and partnering 501(c)(3) organizations should work together to determine how to best meet the needs of the youth, families and school communities they propose to serve. This includes collaboration on determining the following components of the grant application:

- Youth to be Served – total number, grade levels and targeted populations of youth;
- Types of Services – types of afterschool services that meet the needs of youth to be served (i.e., literacy, STEM, creative arts, homework help, social-emotional learning, etc.); and

DC Public Charter School:

- 501(c)3 organizations partnering with a DC Public Charter priority school may be subject to the individual requirements of the Local Education Agency (LEA), including legal review, prior to implementation of any MADC programming. Partnering organizations should discuss any such requirements with the charter school during the initial collaboration phase.

Applicants must serve youth with intentional opportunities that help youth reach developmental outcomes and that allow youth to have meaningful roles in their community. Applicants must have offered the program for at least two (2) years. Applications must clearly define the program measures and define outputs and outcomes to support youth in achieving developmental outcomes.

If the results of an organization's audit (or financial review, if applicable) are not "clean" (favorable or no cause for fiscal management concerns) the organization may be subject to the immediate termination of the agreement, at the discretion of the OST Office. The

audit or financial review must be included within the grant application. If an audit or financial review is not received as a part of the grant application, the grantee will not be considered eligible for the applicable grant competition.

- 2) Behavior (what will be changed/improved?);
- 3) Specific criteria for assessing improvement, readiness, or achievement; and
- 4) Time period for performance or assessment.

- 2) By June 30, 2024, 70% of K-5 students, participating in 30 hours or more of the OST program, will show gains in reading as demonstrated by Fountas and Pinnell literacy level literacy assessments.
- 3) By June 30, 2024, 90% of students in grades 6-8 participating 30 hours or more in the OST program will demonstrate increased soccer knowledge and skill as measured by pre- and post-assessment drills that evaluate general coordination and body awareness, individual ball control, dribbling, and passing skills.
- 4) By June 30, 2024, 60% of students in grades 9-12 participating 90 hours or more in the OST program will demonstrate an increase sense of self-efficacy as measured by pre- and post-surveys.

- Describe other roles the organization has in the youth's life either through a connection to the school, family, community, or other system. Explain how the key program personnel are best suited to serve the target population, including experience and authentic connection with the specific community served, including any other roles the staff or volunteers have in the youth's life.
- Detail strategies the program will use to engage families and why this is important to youth development. If these techniques have been used previously, describe both the successes and challenges. In the event that three (3) reviewer scores differ by ten (10) points (+/-) or more from the average score, a fourth review may be completed, and the outlier will be discarded.

The reviewer scores will be used to calculate an average (final score) that is then used to rank applications. The scores and ranks are used by the OST Office to make final award determinations. The District may provide additional points for OST Office priorities to ensure equity across the District. Additional points will be awarded consistently and objectively based on information supplied in the proposal.

Any application that scores 50% or less than the overall points available will not be eligible for funding.

The SAYO-Y must be administered to youth if required for both a pre and a post survey. The pre survey must be completed within the first four (4) weeks of programming. The post survey must be completed in the last month of programming. All grantees are required to complete the SAYO-Y unless exempted and approved by the OST Office.
