

FY2020

OFFICE OF OUT OF SCHOOL TIME GRANTS AND YOUTH OUTCOMES

Annual Grant Report

December 18, 2020

Fiscal Year 2020 Annual Grant Report

The Office of Out of School Time Grants and Youth Outcomes (OST Office), located in the Office of the Deputy Mayor for Education, is informed by the Mayor's Commission on Out of School Time Grants and Youth Outcomes (OST Commission). The Fiscal Year 2020 Annual Grant report adheres to the Grant Administration Act of 2013 (DC Law 20-61; DC Official Code § 1-328.16) and DC Office of Out of School Time Grants and Youth Outcomes Act of 2016 (DC Law 21-261; DC Official Code § 2-1555.01 *et seq.*).

About the Office of Out of School Time Grants and Youth Outcomes

The Office of Out of School Time Grants and Youth Outcomes (OST Office) supports equitable access to high-quality, out-of-school-time programs for District of Columbia youth¹ through coordination among government agencies, targeted grant-making, data collection and evaluation, and the provision of training, capacity building, and technical assistance to out-of-school-time providers.

Learn24 is a network of before school, after school, and summer programs, also called out-of-school-time (OST) programs, launched by Mayor Bowser in 2017. The OST Office stewards the Learn24 brand to foster awareness of the OST Office, The Institute for Youth Development, Commission on Out of School Time Grants and Youth Outcomes, higher education partners, District agencies, philanthropic partners, and the hundreds of nonprofits and schools that offer programs to youth outside the school day.

A decade of research indicates that youth who regularly participate in quality OST programs benefit in terms of their academic performance, social and emotional development, and health and wellness. In addition, youth participation in OST programs can result in improved school attendance, higher graduation rates, lower dropout rates, stronger academic performance, and improved positive behaviors and work habits.

The Commission on Out of School Time Grants and Youth Outcomes (OST Commission) and the OST Office support access to, and cultivation of, high-quality OST programs by:

- Building the skills for adults who work with youth in OST programs through workshops and conferences organized by The Institute for Youth Development within the OST Office;
- Working directly with OST program leaders and staff through observation, assessment, and coaching to improve program design and implementation;
- Communicating the importance of program quality to key stakeholders to increase accountability across the network of OST providers;
- Providing access to funding; and
- Measuring and reporting on outcomes for youth who participate in programs across the District of Columbia.

¹ Youth is used throughout the document to include children and adolescents in Kindergarten through 12th grade.

About the OST Commission

The OST Commission is a public body composed of engaged residents and representatives from government agencies. The mission of the OST Commission is to support equitable access to high-quality OST programs for District of Columbia youth through coordination among government agencies, targeted grant-making, data collection and evaluation, and the provision of training, capacity building, and technical assistance to OST providers. The OST Commission will guide the OST Office to offer resources and support to ensure a citywide system of high-quality OST programs.

Vision

All youth across the District of Columbia have the skills, attitudes, and knowledge necessary to achieve and thrive in school, the workplace, and their communities.

Values

- **Youth Voice**
Youth contribute directly to decisions that impact their lives.
- **Equity**
Decisions are made recognizing structural racism with a determined focus on dismantling those systems and achieving equitable outcomes for youth.
- **Commitment to Learning**
Continuous improvement and learning leads to stronger and more effective systems, organizations, and programs.
- **Mutual Respect and Responsibilities**
Respecting the unique insights, resources, and contributions of all stakeholders leads to the realization of a collective vision.

Strategic Plan 2019-2022

On August 8, 2019, the OST Commission approved the 2019-2022 Strategic Plan. Over the next three years, the OST Commission and the OST Office will focus on the following four strategic priorities to achieve the vision. Each strategic priority must remain anchored in the values of **youth voice, equity, commitment to learning, and mutual respect and responsibilities**.

Funding and Capacity Building

The OST Commission prioritizes closing the gap in OST program capacity; this is achieved when all Washington, DC youth have equitable access to diverse, high-quality programs in locations convenient to them. The OST Commission will support Learn24 in closing the gap in OST program capacity by guiding the OST Office in its mission to provide financial, technical, and educational resources to a wide range of OST providers, large and small, who have established trust with their communities and have experience meeting the needs of their communities.

Quality

High-quality programs engage youth in the authentic expression of voice and choice by providing safe and supportive environments, caring adults, and structured activities. The OST Commission prioritizes ensuring that all Washington, DC youth have equitable access to high-quality OST programs. The OST Commission will set guidelines for the OST Office on how to define, measure, assess, and increase program quality.

Outcomes

Outcomes are the strides the OST Commission expects youth will make through participation in OST programs. Outcomes must evolve with young people as they grow physically, socially, emotionally, and cognitively. The OST Commission prioritizes supporting Learn24 in ensuring that all Washington, DC youth have access to programs that allow them to achieve outcomes. The OST Commission will guide the OST Office on how to define, measure, and assess outcomes.

Coordination and Collaboration

To build a strong and sustainable system that supports high-quality OST programs, the OST Office will rely on the help and input of youth, families, OST providers, experts, and government agencies. To achieve this goal, the OST Commission will encourage connection among various stakeholders including: the OST Office, government agencies, nonprofit entities, parents, and youth.

The OST Strategic Plan 2019-2022 may be found at [Learn24.dc.gov](https://learn24.dc.gov).

Key Findings from OST Needs Assessment

In October 2017, the DC Policy Center released a report, "Needs Assessment of Out-of-School Time Programs in the District of Columbia". The report was commissioned by the OST Office to examine the extent to which OST programs were offered and if the programs were meeting the needs of youth attending Washington, DC public and charter schools.

School Year Summary

- 33,400 youth attend regular afterschool programming in Washington, DC.
- This total includes 28,700 youth in pre-K to 8th grade and 4,700 youth in grades 9 to 12.
- Main providers of OST programs are schools and community-based organizations.

Summer Summary

- 15,500 youth from pre-K to 12th grade participate in summer programs in Washington, DC.
- This total includes 4,700 entering pre-K3 to 8th grade and 10,800 in grades 9 to 12.
- Marion S. Barry Summer Youth Employment Program (SYEP), typically not considered an OST program, is the largest summer program provider.

Estimated Gap in OST Program Capacity ²				
	Afterschool		Summer	
	Pre-K3 to grade 8	Grades 9 to 12	Pre-K3 to grade 8	Grades 9 to 12
"At risk" Youth Population	1,600	4,300	25,600	0

² Source: Taylor, Yesim Sayen and Kathryn Zickuhr (2017). *Needs Assessment of Out-of-School Time Programs in the District of Columbia*. Washington D.C.: DC Policy Center. Retrieved from <https://www.dcpolicycenter.org/wp-content/uploads/2017/10/FINAL-OST-DRAFT.OCTOBER-16.corrected.pdf>

Voices of DC Parents and Youth on OST³

Policy Studies Associates developed and analyzed youth and parent surveys in 2018. The report summarizes insights provided by 1,207 parents of youth from PreK to 8th grade and 227 youth in middle and high school about program activities, supports, and resources that are most important to them.

Insights from parents:

- Safe and engaging programs are priorities.
 - More than half of parents identified safety as one of the most important components of OST programs (78%). Parents also want programs that reflect children's interests (53%), including arts and sports.
- Transportation, affordability, and lack of information are top challenges to OST participation.
 - More than half of parents identified a lack of transportation as a primary challenge (53%).
- Parents prefer to receive information about programs from their child's school and to register their child in person.
 - 76 percent of parents identified schools as their preferred source of information about programs.

Insights from youth:

- Youth want to build skills in OST programs.
 - The top three skill areas identified by youth are arts (51%), sports (46%), and career/vocational (42%).
- Middle and high school youth want programs that offer college exploration and career exploration/training.
 - 58 percent of youth reported "a lot" of interest in college exploration, and 55 percent of youth expressed "a lot" of interest in career exploration/training.
- Middle and high school youth want to participate in sports and recreational activities.
 - 55 percent of middle and high school youth reported "a lot" of interest in sports, and 50 percent reported "a lot" of interest in recreational activities.

COVID-19 Impacts

Covid-19 had a marked and direct impact on School Year 2019-20 and Summer 2020 programs. Mayor Bowser's order of a public health emergency on March 11, 2020 and subsequent orders changed the:

- method that most programs used to interact with youth,
- ability for programs to connect with the youth enrolled, and
- process for programs to recruit additional youth.

School Year 2019-20 Impacts:

- Many organizations quickly pivoted to the best of their ability to offer virtual programming.
- Other organizations suspended programming until they were able to return in-person.
- The requirement for programs to conduct youth surveys was suspended.

An Essential Worker Request for Applications was released to assist with the immediate needs of District Workers and the OST Office's effort to support the Public Health Emergency. This grant was released to current grantees in good standing with the grant, organizations who had staff already cleared, and organizations that had insurance requirements that met the District's requirements.

Summer 2020 Impacts:

- The grant competition was reduced.
- Applications for summer programs had already been received by March 11th, therefore organizations submitted follow up plans for virtual programming, if appropriate.
- The requirement for programs to conduct youth surveys was suspended.
- All programmatic site visits were conducted virtually.
- Some grantees did offer in-person programming with safety measures in place.

The 2020 Needs Assessment was suspended as a direct result of COVID-19.

Fiscal Year 2020 Grant Funds

The OST Office received \$12,651,804 in local funds to be used as grants to nonprofits that offer OST programs. The OST Office issued one grant in Fiscal Year 2020 (FY20) to United Way of the National Capital Area (United Way NCA).

About United Way of the National Capital Area

United Way NCA works to help all members of the community have a better life. United Way NCA focuses on the building blocks of a good life — a quality education, financial stability for individuals and families, and good health. United Way NCA convenes people and organizations to create solutions to the region's most pressing challenges. United Way NCA collaborates with effective partners, serves as the catalyst for community change, and brings together the voices, expertise, and resources needed to define, articulate, and create community impact in the national capital area.

United Way NCA Fiscal Year 2020 Grant Administration

The OST Office works with one grantmaking partner to award subgrants to non-profit organizations that provide youth development services to District of Columbia school age youth. The grantmaking partner does not provide direct services and has a record of success in grant-making. The grantmaking partner works at the direction of the OST Office and releases the various grant competitions; collects and monitors submissions; helps to recruit, train, and support grant reviewers; and works directly with the subgrantees on grant agreements and financial reports; and disburses grant payments.

There was one grant to United Way NCA in the amount of \$12,651,804 which was used to disburse \$11,714,633 as subgrants. The balance of \$937,171 was used by United Way NCA for the administration of the grant program.

In addition, the OST Office directed United Way NCA to use the unspent funds from Fiscal Year 2019 in the amount of \$394,407.55 for subgrants in Fiscal Year 2020.

Due to budget constraints, the District requested that United Way NCA return \$2,148,357 which impacted the total amount of awards for the 2020 Summer Strong Competitions.

Description of Subgrants and Timeline

United Way NCA administered the OST Office's grant program from October 1, 2019 through September 30, 2020. At the direction of the OST Office, United Way NCA is responsible for awarding subgrants to nonprofit organizations that provide OST programs.

Performance Measures and Performance Outcomes

Grant Competition Name	Number of Grants Awarded	Number of Youth Funded to Serve	Total Amount of Awards
OST Programs for Essential District Workers	2	24	\$120,000
2020 Summer Strong DC	22	1,610	\$1,602,231
2020 Summer Strong DC Small Nonprofit	7	161	\$172,500
2020 Summer Strong Coordinating Entity	1	30	\$100,000
2020 Summer Strong Enrichment at DCPS/DPR	3	130	\$219,159
School Year 2019-20 OST	42	6,063	\$3,479,393*
School Year 2019-20 OST Small Nonprofit	21	791	\$514,200*
Fiscal Year 2020 Invitation Only Year Round OST	24	8,449	\$4,527,664*
Fiscal Year 2020 Invitation Only Year Round Coordinating Entity	2	100	\$400,000*
Total	124	17,358	\$11,135,147.60
*These grants start in FY19 and a portion of grant funds are distributed in FY19.			

The OST Office directed United Way NCA to reallocate unspent and returned funds, as well as any remaining balances from Fiscal Year 2019, and apply those funds to Fiscal Year 2020 grants.

About the Subgrant Competitions

OST Programs for Essential District Workers

This grant competition was created as a direct response to the Public Health Emergency in order to support District workers providing essential services with full day, out-of-school time programs for their children and youth ages 5 -13.

2020 Summer Strong DC

This opportunity was available to any nonprofit that provided a structured, supervised learning, or youth development program between June 15 and August 28, 2020 for a minimum of 5 hours per day, 5 days a week, for 5 consecutive weeks.

2020 Summer Strong DC Small Nonprofit

This opportunity was only available to small nonprofit organizations with budgets of less than \$250,000. Applicants had to provide a structured, supervised learning, or youth development opportunity between June 15 and August 28, 2020 for a minimum of 5 hours per day, 5 days a week, for 5 consecutive weeks.

2020 Summer Strong Coordinating Entity

The coordinating entities served youth residing at short-term family housing or DC Housing Authority communities. The coordinating entities had to subcontract with grassroots community led entities to provide a rich variety of summer experiences for the youth. The summer camp had to operate between June 5, and August 28, 2020 for a minimum of 8 hours per day, 5 days a week, for 6 consecutive weeks.

2020 Summer Strong Enrichment

The grantees provided youth ages 5-13 with an engaging, fun, and educational enrichment program. The programming took place at DC Public School Summer Sites between June 29 and July 31, 2020.

School Year 2019-20 OST and School Year 2019-20 OST Small Nonprofit

This grant competition was held in Fiscal Year 2019 to fund OST programs from August 1, 2019 through July 31, 2020.

Fiscal Year 2020 Invitation Only Year Round OST and Fiscal Year 2020 invitation Only Coordinating Entity

This continuation competition was released to organizations that received both the School Year 2018-19 OST and 2019 Summer Strong DC to serve school age children and youth with school year and summer programs. This competition was created to reduce the reporting requirements of the two grants and allow those programs to open summer enrollment at the same time as Department of Parks and Recreation (DPR) and DC Public Schools (DCPS).

Details about the Subgrants

The following list shows the subgrantees that received awards from United Way NCA. The amount shows the grant amount distributed in FY20. Details on subgrantees were provided by United Way NCA.

A Greater Washington Field of Dreams

Program Description: Our baseball and character development program cultivates future leaders, using baseball as a tool to teach students the importance of building their emotional, mental, and physical capabilities. Fields of Dreams Summer Camp includes baseball training, fitness exercises, STEM, literacy, financial literacy, character development, and enrichment.

Location of Program(s): Malcolm X Elementary School, Moten Elementary School, Simon Elementary School

Profile of Youth: Ages 7-12, Grades 3-6

Grant Award(s):

School Year 2019-20 OST	\$97,000
2020 Summer Strong Enrichment	\$30,000

After School All Stars

Program Description: Each day from the end of the school day until 6 pm, we offer a combination of academic support, enrichment, and health and fitness activities to those who could not access them otherwise, providing students a safe-haven during the “danger zone” hours of 3:00 pm-6:00 pm: the time of the day when youth violence, drug use and other delinquent behaviors are mostly likely to occur. In this space, staff can deeply connect with students, incorporate innovative curricula, and equip them with skills, relationships, and experiences they will need to succeed in life.

Location of Program(s): Stuart Hobson Middle School, Charles Hart Middle School, John Hayden Johnson Middle School, Somerset Prep Academy Public Charter School, Two Rivers Public Charter School, Cesar Chavez Prep, Leckie Elementary School

Profile of Youth: Ages 10-14, Grades 4-8

Grant Award(s):

School Year 2019-20 OST	\$97,000
OST Programs for Essential District Workers	\$90,000

Amala Lives

Program Description: Out-of-School Time Programs – Customized high academic, tutoring support, arts, culturally enriching and leadership programming for youth ages 5-13.

Saving Our Neighborhood (SON) – A Holistic Violence Intervention Program.

“Resilient Mentoring Program” – Transformative Mentoring Program.

Level Up – Music production and engineering program for adjudicated youth.

Location of Program(s): 4511 Quarles Street NE

Profile of Youth: Ages 5-13 who are low income, victims of gun violence, trauma or have incarcerated parent(s).

Grant Award(s):

School Year 2019-20 Small Nonprofit OST	\$25,000
2020 Summer Strong Coordinating Entity	\$100,000

Amy Jacques Garvey Institute

Program Description: This nonprofit values effective and structural improvements of at-risk youth from Ward 7 by offering three independent cohorts (Fall, Spring, and Summer) specifically designed to transform their individualized employment and training with professional strengths in the areas of literacy gains, work-readiness competencies, hands-on career employment, and developmental evidence-based outcomes.

Location of Program(s): Mt. Vernon United Methodist Church

Profile of Youth: Ages 14-24

Grant Award(s):

Arts for Our Children

Program Description: The program is a continuation and expansion of the program that AFOC has conducted in conjunction with Whittier Education Campus since April 2017. AFOC provides services to its community in several areas, scholarships for students to participate in Davis Center programs and production support for the center's awards program, recitals and other activities. AFOC helps to fund and arrange field trips so that community youth can attend conferences and professionally staged performances. The students also attend nutrition classes and take part in ballet dance classes. In the summer the iThings2 Collard Greens summer camp includes opportunities for girls to receive training in dance, etiquette, sewing, music, self-esteem, poetry/reading, yoga, health and nutrition.

Location of Program(s): The Davis Center, Kingsbury Center

Profile of Youth: African American girls ages 5-13 primarily from Wards 4 and 5

Grant Award(s):

School Year 2019-20 Small Nonprofit OST

\$25,000

Asian American Youth Leadership Empowerment and Development

Program Description: Programming includes academic counseling and support, including choosing middle school, high school, and post-secondary education options, life and study skills workshops, career workshops, college visits, cultural cooking workshops, cultural dialogues, mental health workshops, and leadership activities to promote ownership of programs.

Location of Program(s): Adams Morgan Community Center, Bancroft Elementary School, Chevy Chase Community Center

Grant Award(s):

School Year 2019-20 Small Nonprofit OST	\$20,000
-----------------------------------------	----------

Children's Defense Fund

Program Description: The CDF Freedom Schools program is a six-week summer literacy and cultural enrichment program designed to serve children and youth in grades K–12 in communities where quality academic enrichment programming is limited, too expensive or non-existent. By partnering with schools, faith- and community-based organizations, municipalities, colleges and universities and juvenile detention facilities. To provide an intergenerational learning experience, CDF Freedom Schools are staffed primarily by college students and recent college graduates – called “Servant Leader Interns” – with a 1:10 adult to child ratio. CDF Freedom Schools offer small-group support for learning, mentoring through college-age Servant Leader Interns, guest speakers, field trips and opportunities to make a positive difference. The program enhances children's motivation to read, makes them feel good about learning and connects their families to community resources.

Location of Program(s): Boone Elementary School

Profile of Youth: Grades K-5

Grant Award(s):

2020 Summer Strong Enrichment

\$99,279

City Blossoms

Program Description: The City Blossoms model incorporates four core elements: healthy living skills, environmental education, artistic expression, and community development. The grant funds is to support the Youth Entrepreneurship Cooperative (YEC) program, which annually works with 85 youth (ages 14 to 19) in out-of-school time (OST) programming primarily at Eastern Senior High School (Ward 6) and Cardozo Education Campus (Ward 1). The YEC program is a year-round garden-based social entrepreneurship program with the goal of reducing youth unemployment in the District.

School Year 2019-20 OST

\$97,000

City Kids Wilderness Project

Program Description: Since 1996, City Kids Wilderness Project has been serving under-resourced youth from DC's most vulnerable communities. Today we are serving over 130 under-resourced DC youth year-round in Washington, DC and Jackson, WY, in a comprehensive, multi-year program model that includes summer, weekend, school break, afterschool, college access and career support, and alumni support programming. The program goals are to build youth resiliency, broaden horizons, and ensure skills for success, through intensive, long-term programming using wilderness settings to encourage growth.

Location of Program(s): Josephine Butler Parks Center

Profile of Youth: Ages 11-18, Grades 6-12

Grant Award(s):

Fiscal Year 2020 Invitation Only Year Round OST

\$218,250

CityDance

Program Description: DREAM's program model (Theory of Change) is grounded in the conviction that when youth are in an environment built upon youth development principles (youth feel emotionally and physically safe, can form positive long-term relationships, receive exposure to new opportunities, and are met with high expectations) they develop critical competencies that play a key role in enabling them to pursue their full potential. At the center of the model is dance as the vehicle through which students develop these core competencies: a healthy concept of the self, motivation to achieve, creative problem solving, an understanding of the self as part of a larger social environment, and a positive future outlook. "Wrapped around" the dance-based activities are the essential supports and services needed to address the challenges children from low-income neighborhoods so often encounter.

\$166,840

Collaborative Solutions For Communities

Program Description: This program offers activities that foster literacy skill development and social-emotional learning (SEL) and soccer. CSC has chosen Zoom from which to offer all program activities. The participants will engage in daily activities such as individual contacts (text, group message, video conferencing, phone, Facetime, or Zoom) and small and large group virtual activities. The group of 30 participants will be divided into three groups of 10 for small group activities. The group of 30 participants will meet initially for literacy and soccer then divide in small groups and then reconvene before dismissing. All SEL activities will be offered in the large group setting. The participants will be asked to view a pre-recorded video with demonstrations of soccer drills and skills before meeting for the soccer sessions. All sessions will be 60 to 90 minutes. Additional online content includes virtual scavenger hunt and virtual drawing. For virtual scavenger hunt, the participants will use Google 3D map to search out various soccer arenas around the globe and will be asked to describe what they see in the arenas. For virtual drawing, the participants will select a soccer player that they admire and draw their photo using "Paint" with a brief explanation of why they admire that player. The camp will end on July 31 with a virtual graduation/celebration. Each participant will receive a certificate and a medal or a small trophy.

Dancemakers, Inc.

Program Description: Contact between teachers and students will take place for individual students and small groups of students using Zoom for face-to-face contact. Daily contact may also be through phone, email or texting. The summer program will take place from 9:00 AM to 12:00 PM. The teachers will be with groups of no more than 8-10 students at one time, and four online Zoom sessions will be conducted simultaneously. Each day, Monday through Friday, will begin with an online Zoom session for 55 minutes. Students and teachers will then have a ten-minute break followed by a 50-minute session, another ten-minute break followed by the final 50-minute session for the day. Students will have assignments or projects to work on in the afternoon that complement the lessons covered that morning. In addition to interaction with the teachers, special instructors will lead sessions – primarily in the arts, including dance and theater. At least one teacher will be present whenever a guest teacher is conducting a session. The use of virtual technology is critical to the implementation of the summer program. The Information Technology Specialist will be available to troubleshoot as needed to ensure that there are no barriers to daily contact with each student. If there is a technical issue that cannot be resolved quickly, the teachers will contact students directly via telephone, email, or text. All students will have daily contact with a teacher and/or program staff.

\$200,000

Education Plus 2

Program Description: We will use Zoom to communicate with our students in one tutor to five student ratio. We will use IXL to drill the students in math, and teach them the principles of computer programming, often through gamification. Additionally, our program will cover both SEL and literacy. In an effort to keep the children engaged, some of the SEL and literacy work will allow the students a break from intensive computer work (i.e., will involve work with paper and pen). Most modules will be involve at least 15 minutes of Zoom or Zoom-chat time. For the coding instruction, we will use Code.org; for the older students, we will transition to Python/Pygame, which has almost no online interaction. This will be followed by showing the teenagers class how to code a simple video game. Instruction will be via Zoom in a 5:1 student/teacher ratio; younger children will remain with Code.org, which is specifically set up for young children. The software will be Python and Pygame, and Code.org or Minecraft. Some follow-up will be by email and/or phone call. As for the SEL we will use Sanford Harmony and Embrace Race. These will also be taught via Zoom and the related websites. The literacy, nutrition, and similar modules will have an online and an off-line component.

National Center for Children and Families

Program Description: Extended Day Program (EDP): an after-school program offering academic/cultural enrichment through the Blended Learning Model to provide art, language, music, dance and physical education opportunities, as well as STEM related activities and technology. Saturday School: a Saturday program that provides students with extra time and assistance in order to meet DCPS academic standards in reading/math. Parents also learn alongside their children, enabling them to assist with homework and integrate the use of technology (tablets) in order to increase student engagement, knowledge of technology, and overall academic enrichment. Parent University: a program that promotes parental involvement and family literacy, including parent education and adult education services (computer & GED programming). Cultural Learning Experience: designed to enhance character education activities using the "Second Step" character education curriculum. Afterschool, Saturday School, and mental health groups integrate character education seamlessly into their activities, and it is reinforced in the school newsletter. Mental Health Program: provides crisis interventions, one-on-one and group counseling to students, imparts and evaluates strategies to help classroom teachers manage students' negative behaviors, and provides social service and community referrals for families.

Reading Partners

Program Description: Our model's expertise lies in the fact that each student is tutored one-on-one at his or her own independent reading level—i.e., the level of reading that is challenging enough to be motivating without becoming frustrating. We establish each student's independent reading level at the time of his or her enrollment by evaluating the student with a research based assessment tool. Each student receives two 45-minute sessions of tutoring each week either during the school day or after school. Reading Partners staff works closely with teachers to identify which times of day will be most productive for each student.

Updates on Fiscal Year 2019

The OST Office waits until the Office of the State Superintendent of Education has audited student information for any given school year. That data is typically available the following fiscal year. Therefore, the OST Office can release aggregate data on students participating on OST programs from FY19.

Overall the OST grants directly served 12,567 youth across the District. The demographics provided are based on participant data submitted by the grantee into the OST Office's database and a data match with OSSE.
