

Fiscal Year 2020 and School Year 2019 -20 Grant Competitions Summary

The Office of Out of School Time Grants and Youth Outcomes (OST Office), located in the Office of the Deputy Mayor for Education (DME) and United Way of the National Capital Area (United Way NCA) thank all the organizations that applied for Fiscal Year 2020 (FY20) and School Year 2019-20 (SY19-20) Out of School Time grant competitions and those that requested continuation awards. Altogether there were over 140 organizations that submitted applications or requests. The quality of the applications made for a highly competitive process. The number of excellent programs and organizations that applied was impressive and we appreciate and recognize the contributions of every organization for their continued work with children and youth across the District of Columbia.

Learn24 is a network of before- and after-school and summer programs, also called out-of-school-time (OST) programs, to ensure youth in the District of Columbia have access to quality educational and enrichment activities beyond the school day. In October 2017, the DC Policy Center released the *Needs Assessment on Out-of-School Time Programs in the District of Columbia*¹ providing details about the gap in program options by Ward.
