### **Fiscal Year 2018 Annual Grant Report**

The Office of Out of School Time Grants and Youth Outcomes, located in the Office of the Deputy Mayor for Education (DME), is informed by the Mayor’s Commission on Out of School Time Grants and Youth Outcomes (OST Commission). The Fiscal Year 2018 Annual Grant report adheres to the Grant Administration Act of 2013 (D.C. Law 20-61; D.C. Official Code § 1-328.16) and the Office of Out of School Time Grants and Youth Outcomes Establishment Act of 2016 (D.C. Law 21-261; D.C. Official Code § 2-1555.05(g)).

## About the Office of Out of School Time Grants and Youth Outcomes

The Office of Out of School Time Grants and Youth Outcomes (OST Office) supports equitable access to high-quality, out-of-school-time programs for District of Columbia youth through coordination among government agencies, targeted grant-making, data collection and evaluation, and the provision of training, capacity building and technical assistance to out-of-school-time providers.

For the public, the OST Office is branded as Learn24. Learn24 is a network of before school, afterschool, and summer programs, also called out-of-school time (OST) programs, launched by Mayor Bowser in 2017 to ensure that youth in Washington, DC have access to quality educational and enrichment activities beyond the school day.

A decade of research indicates that youth<sup>1</sup> who regularly participate in quality OST programs benefit in terms of their academic performance, social and emotional development, and health and wellness. In addition, youth participation in OST programs can result in: improved school attendance; higher graduation rates; lower dropout rates; stronger academic performance; and improved positive behaviors and work habits.

The Commission on Out of School Time Grants and Youth Outcomes (OST Commission) and the OST Office supports access to, and cultivation of high-quality OST programs by:

- Building the skills for adults who work with youth in OST programs through workshops and conferences organized by The Institute for Youth Development within the OST Office;
- Working directly with OST program leaders and staff through observation, assessment, and coaching to improve program design and implementation;
- Communicating the importance of quality to key stakeholders to increase accountability across the network of OST providers;
- Providing access to funding; and
- Measuring and reporting on outcomes for youth who participate in programs across Learn24.

## About the OST Commission

The OST Commission is a public body composed of engaged residents and representatives from government agencies that aims to support equitable access to high-quality OST programs for District of Columbia youth through coordination among government agencies, targeted grant-making, data collection and evaluation, and the provision of training, capacity building and technical assistance to OST providers. The OST Commission will provide resources and support to ensure a citywide system of high-quality OST programs.

## Fiscal Year 2018 Grant Administration

The OST Office works with one grantmaking partner to award subgrants to non-profit organizations that provide youth development services to district youth ages 5 to 21. The grantmaking partner does not provide direct services and has a record of success in grant-making. The grantmaking partner works at the direction of the OST Office and releases the various grant competitions, collects and monitors submissions, helps to recruit, trains and supports grant reviewers, works directly with the subgrantees on grant agreements, financial reports, and disbursement of grant payments.

The OST Office issued one grant to United Way of the National Capital Area (United Way NCA) in the amount of \$5,242,000 as the OST Office's grantmaking partner.
